

## EXHIBIT 2: Carrington Evaluation Sheet

Carrington Parcel 550 acres

### I. Natural Resource Components:

- A. Natural resource areas: (3x1) coastal bench, open, s. border Salmon Creek
- B. Endangered, threatened, or rare wildlife species: (3x1) not sure on parcel
- C. Anadromous fish corridor; Pacific flyway destination: (2x1) 2
- D. Coastal land and habitat: (2x1) 2
- E. Active Resource value: 1
- F. Passive resource value: 1
- G. Restoration potential of parcel: stream edge 1
- H. Currently under restoration:
- I. Existing resource management plan:

### II. Recreational Resource Components:

- A. Historic resource characteristics: not certain
- B. Cultural resource characteristics: not certain
- C. Present recreational use, if any:
- D. Potential recreational use: parking for North Salmon Ck Beach 1
- E. Coastal access: if used for parking 1
- F. Coastal trail or other trail segment potential: 1
- G. Adjacent or existing park: (2x1) 2
- H. Public access potential: (2x1) 2

### III. Productive Resource Components:

- A. Agricultural production: 1
- B. Forstry management/production:
- C. Other: mariculture, etc.

### IV. Scenic and Viewshed Resource Components:

- A. Coastal: 1
- B. Coastal and inland: 1
- C. Inland: 1
- D. Accessibility to viewshed: 1

### V. Land Use Components:

- A. Adjacent to public land: (2x1) 2
- B. Willingness of landowner to be involved: (3x1) 3
- C. Public agency or nonprofit interested in property: (2x1) 1
- D. Current land use: agriculture, grazing
- E. Future land use: agriculture
- F. Surrounding land use: agriculture, park, highway
- G. Coastal or general plan designation:

### VI. Physical hazards or eyesores: absolutely open and no cover from elements

### VII. Environmental education and interpretation potential: view and geologic 1

PUBLIC BENEFIT TOTAL: 25
